

## **u14 Girls Travel Team Tryouts**

First let me just say that the players did a great job at tryouts and it was very clear that all the players have been working hard on their soccer skills all year and I encourage them to keep working on their soccer skills and having fun playing soccer. There are soccer camps this summer in August at Mylod Field - please check the website [www.walpolesoccer.org](http://www.walpolesoccer.org) for more details

### **Tryout Process:**

Tryouts were held in June for two nights, and all players were encouraged to come for both nights as it gave the player the chance to be evaluated by the largest number of coaches. Coaches were evaluating players and looking at Footskills, Speed, Agressiveness, Teamwork Field sense and general play.

**Process:** We used a field rotation methodology during tryouts. We used coaches evaluations to place players on up to 6 different fields at the start of tryouts. Then we had several sessions of about a 15 minutes of 4v4/6v6/8v8 soccer and the coaches collectively identified the strongest and weakest players on their field for that session. So for example - if there were 16 players on a field - after the cycle then the 4 strongest players were moved up, the 4 weakest players were moved down and the 8 players in the middle stayed on that field - because for that cycle they were in the right place. Each night we were able to do several sessions/cycles - so players had many chances to play and move up or down or stay on the field they were already on.

\*Goalies were also evaluated by a goalie coach

### **Team Selection**

Teams were put together by using the tryout evaluations in combination with their current coaches evaluation over 20 weeks this past spring and fall. Players were placed together with like skilled teammates to form teams. These teams will then be placed in an appropriate Division and Section in the BAYS soccer league, so that they will be playing equally skilled teams.

\*So as you look at your players placement, is it possible that we made a mistake in

\*placement - sure it is. But as an all volunteer organization,

\*we did the best we could using evaluations from all our volunteer coaches

\*and coaches recommendations from 20 weeks of playing.

Teams have been put together for the Fall season, and while it is likely that most teams will remain together for the Spring season we cannot guarantee it. Based on the number of Fall Only or Spring Only players we may have to re-configure teams or add/subtract teams.

Placement on a specific team this Fall does not guarantee placement on the same team for Spring 2008, as player performance, attendance at practices & games, attitude, skill improvement, and work ethic will determine placement for Spring 2008

### **Bays - League**

We play in the BAYS [Boston Area Youth Soccer] League, with 50+ other towns that are generally considered to be in Metro West. Some towns will be as close as Dedham, Medfield, Norwood, Norfolk, Millis and some as far away as Winchester, Acton-Boxboro and Lexington. The league determines who we will play, based on the placement of each team. So until the schedules come out later in the summer - we will not know who we play. BAYS games are played on Saturdays, generally with Girls games starting at Noon or earlier, and Boys games starting at 1pm or later

### **When will my player be contacted**

First of all - have a great summer

You will be contacted by your coach no later than August 15th

Games will start in Early September, and most teams will start a limited practice schedule
